BEDROOM

OUTDOORS

UNOBTRUSIVE TECHNOLOGY

Select and enjoy your choice of content and devices, from the palm of your hand.

Each room can be seamlessly and discretely enabled with video, sound, internet and control throughout your home, new or existing, apartment or estate.

- 1 Beyond HD video on any display, in any room.
- 2 Elegant, advanced multi-platform control of every room.
- 3 Multi-room music in breathtaking fidelity.

ELEGANT CONTROL

Your window to your automated home is the Enado home control system, bringing the world of control to your fingertips. Enado replaces the frustrations of multiple remote controls with an elegant, intuitive touch screen interface that you can access from any Internet-enabled device from anywhere in the world.

Almost any device can be turned into a controller with the interface customised to suit the décor of your home, whatever your style.

UNRESTRICTED COMPATIBILITY

The Enado home control system works seamlessly with any operating system, Internet browser on any device, from Apple to Android to Windows it will just work.

Like an app, but not an app, with no downloads or constant updates. Without an installer callout or licence fee, you can get a new phone or tablet set up in seconds.

PEACE OF MIND HOME OR AWAY

Enado offers an optional, streamed live video preview. Great for making sure you are recording that all important game or episode whilst working late at the office or just checking up on what the kids are watching upstairs.

For the ultimate peace of mind, remote access to CCTV cameras provides you with the ultimate feeling of security and peace of mind - no matter where you are.

IMAGINE

FULL HOME AUTOMATION

With the proper infrastructure, Enado can integrate with other home automation, security and lighting systems to enhance and simplify your home entertainment experience.

At the touch of a button, create the perfect ambience for every occasion—the automated blinds go down, lights dim and music turns on at the press of a button.

Incorporated into any home at any time, from initial installation or as a future upgrade.

- 1 Integrated, motorised window treatments manage sunlight and temperature.
- 2 Create lighting scenes for the whole home, indoors and out.
- 3 Beyond HD - Unsurpassed 4K video throughout your home.
- 4 Perfect quality multi-room audio without large speakers.
