About Us

At Install Automation we have over 20 years' experience offering professional automation services that are tailored to your needs - residential or commercial.

Imagine controlling your home or office from any location in the world. Making sure your home is heated to your exact tastes, creating and selecting bespoke lighting moods, ensuring that you're always in full control of the property.

You can manage your home using phones, tablets, conventional PC's or via wireless or infra-red remote control.

Our systems include lighting design, high-definition AV distribution, smart media boardrooms and cinema rooms with eco-friendly lighting and electrical control.

Our Brands

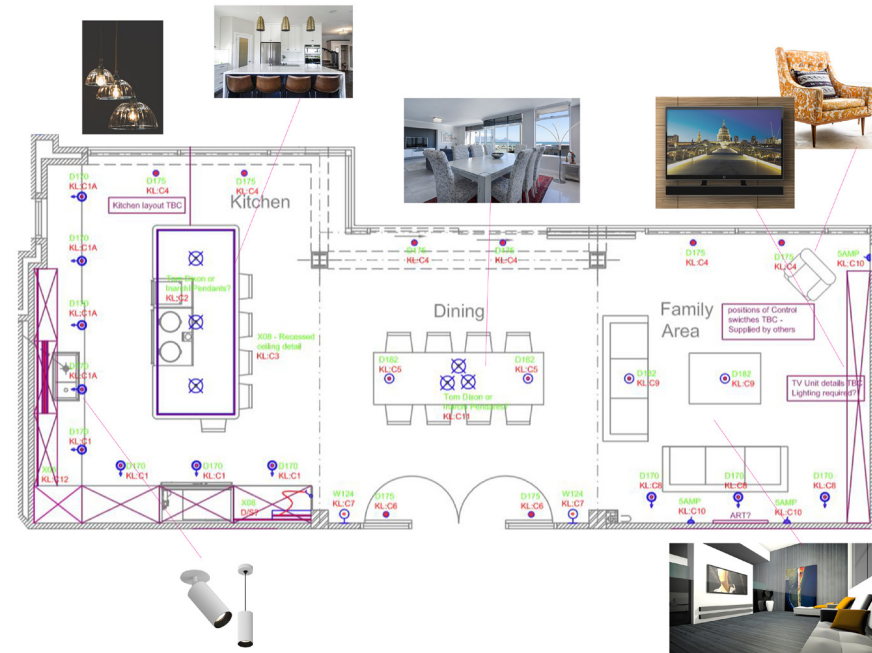

Design

We assist you through the whole process from floor plan design to home completion.

We work one-on-one with you and your drawings to create a mind-map on our interactive 84 inch whiteboard.

We can talk through your ideas about home automation and discuss what services we can provide to help you achieve your ideal living space.

Floorplan example showcases the mind map stage.
Focussing on an open plan kitchen, family dining area.

Free Planning Sessions

Vísít

Our £1 Million Experience Centre is a futuristic office space where we can demonstrate all of our automation solutions.

Giving you first-hand experience of our cutting-edge technology. Experience Artificial Intelligence, Cinema Rooms, Blind/Lighting Control , Conference and Video wall solutions to inspire your vision.

Based in the Jewellery Quarter in Birmingham we are easily accessible by car, train, bus and tram. We are located a 5 minute walk from two city centre stations.

If you're interested in a visitation to our Experience Centre,
please email: info@installautomation.com
or call: 0121 200 1031

What we do

We provide residential and commercial automation services to your property to create a comfortable and carefree environment.

We work on projects ranging from £2,500 up to £250,000.

Our services include AV, lighting and blind control, cinema rooms, pools, gym areas and many more features for the modern innovative home.

For all of our packages displayed, if not already included, labour can be purchased separately.

To do so, please call us on 0121 200 1031.

Light Fittings

We use many lighting providers at Install including Orluna who are the UK's best-seller of architectural downlights. These high-profile fittings help to achieve the atmosphere you desire.

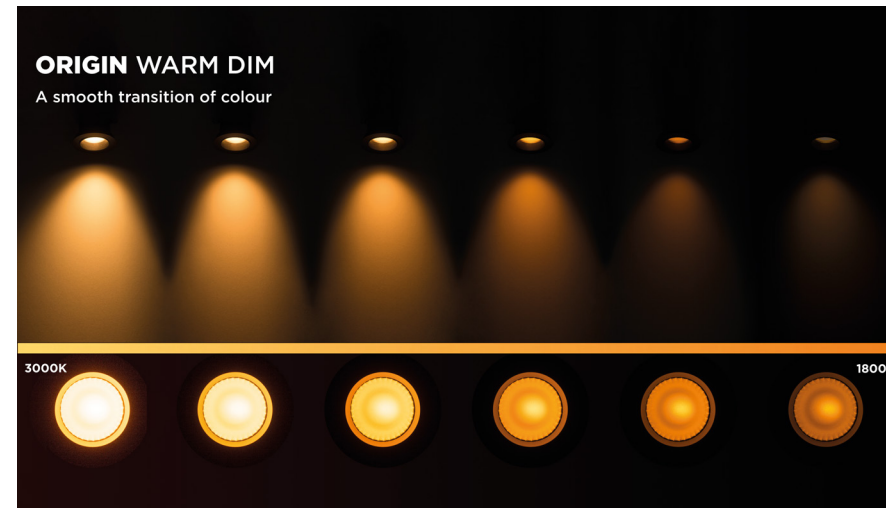

The Curve fitting is sleek, modern and can flow seamlessly with any interior design. Warm to Dim engines within these fittings enable dimming from 3000k down to 1800k. If combined with Lutron control you will be able to automatically dim to your favourite settings at the touch of a button.

10 Curve + 1 Free Bundle - Price: **£995.00**

20 Curve + 3 Free Bundle - Price: **£1,985.00**

30 Curve + 5 Free Bundle - Price: **£2,975.00**

Single Curve price £99.17

All specified Orluna bundle fittings are supplied with a mains dimming driver.

Design is Key

Lighting can alter and enhance the desired mood of a room to best suit your activities, therefore we believe this to be integral to any automation project.

We can talk through your ideas about home automation and lighting design to help you achieve your ideal living space.

call 0121 200 1031 for your free planning options.

Whole Home 4K TV

Many homes now benefit from Sky Q with a 4K ultra high-definition output, however you can only currently watch at this Ultra high-definition quality in one room connected to the main Sky Q box. A 4K TV distribution package from Install Automation allows distribution of the 4K signal to multiple rooms of a property, allowing viewing in high quality in four, six or even eight rooms and more.

The distribution matrix within this starter pack allows up to four sources (from Sky Q, Sky Mini, Virgin, BT, Amazon Fire, Apple TV, CCTV etc.) to be distributed to up to four rooms. However, larger properties can also utilise entertainment control by using a combination of 4 room, 6 room, 8 room and 16 room systems.

When paired with an Enado Controller, users can not only switch from one source to another but also control all the sources, for example channel, volume, etc. with a simple web-based control software that can easily be accessed from all smart phones, tablets & computers.

Complete bundle:
1x Wyrestorm - MX-0404-HDBT-H2-KIT-V1-CR
1x Enado Controller

Price: £1,995.00

Call us on 0121 200 1031 for an installation quotation or to discuss 4K for larger property sizes
Please note Enado Controller has a monthly subscription of £15. Full details at enado.com

Infrastructure Solutions

Infrastructure face plates from Scolmore create a modular solution for all requirements.

Essential behind a TV with twin female satellite modules and Cat 6 connections as well as standard plug sockets. Having all the necessary components in one wall fitting reduces clutter around the TV access points. We also offer fibre options for the ultimate future proofed home.

The New Media range provides modular components to create your unique face plates specific to connections and power sources. This could also work for smaller outputs like a power socket and USB port by your bedside.

Our bundle includes:
1x 1 gang faceplate in your chosen colour
2x uk power sockets in black or white
2x Cat-6 modules in black or white
1x fibre module in black or white
1x twin female satellite module in black or white

Price: £75.00

Call us on 0121 200 1031 to further discuss modular plate options

Cinema Rooms

Our Home Theatre bundles will enable you to kit out your cinema room from top to bottom with the highest quality equipment resulting in the ultimate experience.

TruAudio's state-of-the-art, home theatre speakers are like no other. When paired with Yamaha's Amplifier range this creates the most advanced surround sound to guarantee a fully immersive cinematic experience.

These packages also include banana plugs and covers, speaker cable and coax cable.

Yamaha & 5.1 In Ceiling Home Theatre Bundle

Price: £3,475.00

Yamaha & Bad Boy 7.1 Home Theatre Bundle

Price: £8,995.00

Blinds

We offer many blinds from roller shades, Venetian blinds, tensioned shades, pleated shades, fashion honeycomb shades and more.

Available in a variety of different colours and fabrics the Lutron blinds will seamlessly integrate in your property.

All of our wired and battery-powered Lutron blinds can be wirelessly controlled, in new builds or retrofit properties, at the touch of a button. There are also pre-set favourite modes to achieve your personal choice of shade whenever you want.

For a FREE no obligation quote call us on 0121 200 1031

Curtains

We provide two types of curtain track that come in multiple colours. These are the perfect addition to your home and interior design.

Lutron curtain track systems electronically operate pinch pleat or ripple fold draperies to elegantly provide quiet, convenient control of daylight.

The Kirbé vertical curtain track system smoothly pulls fabric up and completely out of the way - unlike traditional draperies that move from side-to-side. This unique design provides greater access to windows and views by eliminating the creation of stack back.

For a FREE no obligation quote call us on 0121 200 1031

Whole Home Audio

Give yourself the best audio quality in any area of the house with TruAudio's in ceiling speakers. With the option of indoor and outdoor speaker packages you can set the scene for any event.

Paired with the WXA-50 Amp from Yamaha, which enables music streaming from stored libraries or directly from the internet or radio. It is a must have bundle.

Complete bundle:
2x OP-6.2-BK
1x WXA50
30m Cable
Half day labour

Outdoor speaker package

This outdoor bundle is the ultimate summer package for garden parties, pool parties and BBQ's.

Including half a day labour charges to set up your package. *

Price: £995.00

Complete bundle:
2x TruAudio LC-6
1x Yamaha WXA-50
25m Speaker Cable
Banana Plugs & Covers

Indoor speaker package

This package can transform any chosen room in the property when combined with a top of the range Amp resulting in a crisp and powerful sound.

Price: £725.00

*please note the package price displayed includes installation for a property located 40 miles or less from B1 Birmingham.

Install Automation

offers the option for residential or commercial properties to be designed to best suit your space and lifestyle.

Once installed all systems will be programmed and tested by our highly trained engineers.

We work alongside your electrician to achieve the highest standard of automation functionality possible, all you have to do is relax!

NeoGear

enables the electrician, installer or contractor to offer smart home systems within their own projects, this enables the opportunity to work less but earn more.

Along the way we will provide training, information, instructions and site visits in order to help your business and knowledge grow.
